Rocks

Rocks, Jan. 20.- My, it's still cold and looks like snow is on the way.

Mrs. Elsie Ranson and Nancy Carol and Mrs. Louise Clifton and son, Tony were recent visitors in Powhatan.

Rev. Joseph R. Darden had charge of the prayer service on Tuesday night and brought a very fine message.

Mrs. Earl Shelton is spending this week at Appomattox with her parents, Mr. and Mrs. Wilson Almond.

Charlie S. Ranson entered the Virginia Baptist Hospital Wednesday for treatment.

Mrs. M. H. Marks had a demonstration party on Wednesday night.

A good many from here attended the Training Union Group IV rally on Friday night at Calvary Baptist Church.

Mrs. Hunter Martin returned home Saturday from the Virginia Baptist Hospital, where she spent eleven days, and is much improved in health.

Mr. and Mrs. Carl Almond, of Midlothian spent the week-end here with his mother, Mrs. Jennie Almond.

Miss Louise Ranson has returned to Phillips Business School in Lynchburg, after being on the sick list at the home of her parents, Mr. and Mrs. H. W. Ranson, for a few days.

Some from here were visiting Charlie Ranson at the Virginia Baptist Hospital Friday night and Saturday night.

Rev. Joseph R. Darden had part in the ordination service at New Hope Church last Sunday afternoon.

Pamplin Vicinity

Pamplin Vicinity, Jan. 21.- Mr. Coley Ramsey, who has been in Charlottesville Hospital, returned home Sunday, and is doing nicely at this writing.

Mr. and Mrs. Alfred Marsh and children, of Appomattox, visited Mr. and Mrs. Raymond Price and family Sunday.

Mr. and Mrs. Paul Arrington, of near Powhatan, and Pvt. and Mrs. James Conner, Jr., of Camp Lejeune visited Mr. and Mrs. Mark Hipps last week-end.

We are glad to see Mr. J. W. D. Canada back in the store, after being in the hospital last week.

Mr. and Mrs. Marion Duling, of Richmond spent the week-end here.

Mr. and Mrs. Steve Williams, of Waynesboro visited his parents, Mr. and Mrs. Kenny Williams last week-end.

Mr. and Mrs. Marvin Paulette, of Lynchburg visited Mrs. W. S. Cumby Sunday.

Mr. and Mrs. Jack Williams and daughter, Dianne, of Appomattox visited Mr. and Mrs. Basil Bryant Sunday.

Miss Frances Saunders visited Miss Peggy Garrett Monday night.

Mrs. Daisy Cobbs is visiting relatives in Scottsville this week.

Little Larry Anderson, who has been very ill, is better at this writing.

Mr. and Mrs. Clarense Holly and daughter, Shirley, of Richmond, visited Mr. and Mrs. Wilson Fulcher Sunday.

Mr. and Mrs. Lester Price, of Richmond visited her parents, Mr. and Mrs.Robert Tolley last week-end.

Mrs. George Sizemore and Mrs. Mack Mays spent last Wednesday in Powhatan.

Mrs. W. S. Cumby visited Mr. and Mrs. Frank Cumby Saturday evening.

Home experts predict dominance of built-ins.

Stonewall

Stonewall, Jan. 20.- We are still having very cold weather and had lots of rain last week.

Dr. Twyman Williams preached at Stonewall Presbyterian Church Sunday morning. He was the dinner guest of Mrs. R. H. Routon and boys.

Mrs. Josh Alvis was called to Orange, Va., due to the death of her grandfather, Mr. Matthews, on last Friday. She, with her son, William, and Miss Kate Davidson left on Saturday to attend the funeral. We extend deepest sympathy to Mrs. Alvis and the rest of his loved ones.

Mr. and Mrs. Irby Wheeler spent the week-end in Rilhmond with their son, Robert and his family.

Mrs. P. B. Stratton and Miss Edna Adcock spent last Sunday in Lynchburg with Miss Elva Stratton and Mrs. Ruth Cheatham.

Rev. Aaron Smith, Mr. and Mrs. Wilton Routon and family, and Mr. and Mrs. E. L. Chick were the guests of Mrs. R. H. Routon and boys on last Saturday night.

Mr. and Mrs. W. T. Younger and Mrs. Ruby Oaks, of Rustburg, and Mr. and Mrs. Tilton Lee and family spent Sunday with Mr. and Mrs. Wallace Bondurant, Sr.

Mr. B. D. Stratton and Mr. and Mrs. Gerald Maxey visited Mr. Stratton's sick brother, Aubrey Stratton, in a Richmond hospital on Sunday. We wish for him a speedy recovery.

Mrs. S. E. Anderson and Mrs. Martin Krause visited Miss Lizzie Rice, who is sick in Richmond, over the week-end.

Mr. and Mrs. Vinson Russell and children, of Richmond spent the week-end with her parents, Mr. and Mrs. Lyle Thomas.

Mr. and Mrs. Henry Beard and Lawrence visited her parents and his mother on Sunday.

Mr. Lyle Caldwell spent the week-end in Lynchburg with Mrs. Lyle Caldwell, who is very ill at the home of her daughter, Mrs. Neal Williams.

Mr. and Mrs. Cantrell Smith and two girls, Nancy and Linda, have moved into their new home in Lynchburg, after being in the home of her parents, Mr. and Mrs. C. D. Carson for the past two months. They will be greatly missed around here, but our best wishes go with them in their new home.

Farmers averaged 10.7 hours work per day around June 1 last year. At the same time in 1956, the average was 10.9 hours per day, and in 1955 it was 11.2 hours. Much of the decrease in the farm workday comes about as a result of reductions in chore labor.

Richwood

Richwood, Jan. 21.- "A fool uttereth all his mind; but a wise man keepeth it till afterwards." - Proverb.

Mr. and Mrs. W. F. Woodall and Mr. G. T. Marsh visited Sunday with Mr. and Mrs. D. A. Puch.

Mrs. Travis Wooldridge was the guest of Mrs. D. A. Pugh Thursday afternoon.

Mrs. Tom Paulette and Mrs. Thomas Paulett were the guests of Mr. and Mrs. Willie Garrett Sunday.

Mr. and Mrs. L. M. Ferguson and daughters, Judy and Jane, and Mrs. G. P. Brannan and daughters, Val and Georgie Belle were the dinner guests Sunday of Mr. and Mrs. T. T. Wooldridge.

Mr. and Mrs. D. A. Pugh visited Sunday evening with Miss Emma Haar.

James Mann has been spending some time with his family here.

Mr. and Mrs. A. B. Hunter, Jr. were in Lynchburg on business one day last week.

A recent U. S. Department of Agriculture survey estimates that for every dollar a livestock owner spends for veterinary services, he gets a return of $5.78 on his investment.

Each year, the nation's use nearly 7,000,000 tons of ed steel, around 360,000,000 of raw rubber, over 17,00 900 gallons of crude petroleu 22,000,000 kilowatt hours o tricity.

The median price of new in 1957 was $14,800. This above the 1956 median of $

A coachman's native gold buttons
and a golden opportunity for your plant
SOUTHSIDE VIRGINIA
Captain Booker struck it rich! In 1832, twin veins of gold came to light on his Southside Virginia plantation. And the Captain celebrated by having big buttons of solid native gold made to adorn his coachman's uniform.
Today, Southside Virginia gold is a blend of unusual competitive advantages for your plant. Industries here have nearly doubled in two decades. Yet you can still draw on large reserves of man and woman power to help you profit by this area's forest and mineral resources, and nearby supplies of coal and other raw materials.
Central location, top transportation favor you here. Midway between Northeast and Southern markets, you can choose from five mainline railroads plus through highways and nearby deep-sea ports.
To power your growth, Vepco's modern network now has 640,000 kilowatts of new generating capability under construction—building toward a total of 2,171,900 kw in 1960. For confidential site finding help in this land of fine industrial water, mild climate, thrifty government and pleasant living . . . write, wire, or phone Vepco, serving "The Top of the South" in Virginia, West Virginia and North Carolina.

ll be wise to estimate your and restock your household during the January sales, say ion specialists.

say it's poor economy to k and overwear your sheets, recommend a minimum of ets per bed and 2 pillow cases illow. A good average is 6 per bed, 3 cases per pillow ow what sizes you need before uy, the specialists advise. A 108 inches long is always a uy. This allows for hems at op and bottom, 5 inches for sheet, and enough sheet to well at the foot and turn back protect the blankets. The 90- to sheet will not do the job. n't buy a sheet too wide for bed. The turned under sides wear out from abrasion un he mattress. A safe rule to fol- 72 inches for a twin bed and ches for a double bed. There sheets for over-sized beds, too. ted bottom sheets will save making beds and will give the er more comfort because they in place. If they are folded dy, they will need no iron

Decide on the kind of sheet you need — muslin for sturdiness and repeated launderings; or percale for smoothness, durability, light weight and economical laundering.

Nylon has been on the market for some time. Nylon sheets cost more than percale sheets, but can be cared for more economically. However, nylon sheets tend to generate some static and they are hotter and more slippery than cotton sheets. It is likely to be some time before they compete favorably with cotton for comfort.

Electric sheets cost less than most electric blankets and work on the same principle. You will need to use three sheets instead of two. The top sheet is needed to help keep the electric sheet clean. A blanket is needed to hold the warmth in.

Check the labels before you buy. Percale sheets should have at least 180 threads per square inch. Muslin sheets come in heavy, medium, and light weights. Good specifications are 72 by 58, adding up to 140 threads per square inch. A long-wearing sheet has about the same number of yarns in one direction as in the other. Heavy muslin in sheets is designed for hard use. It may cost more for laundry, however. Low thread-count is often the reason behind low price and short wear.

Measure your pillows before shopping. A pillow case should be 2 inches wider and 6 inches longer than the pillow. A tight case makes the pillow hard; a loose case is untidy. Examine the seams. They should be finished to prevent raveling.

After you buy sheets take care of them. Reverse them every other time they are used, putting the top hem at the bottom to keep sheets from wearing out where head, shoulders, and hips rub. Loosen edges of sheets all around before stripping the bed. Use a mattress pad between mattress and sheet to lessen the abrasive action. Use bleaching agent sparingly and rinse out thoroughly to lessen wear.

SARAH ANNE'S COOKING CLASS

Oyster Bisque

1 pint of oysters and liquor
1 quart milk
2 tablespoons butter or margarine
2 tablespoons flour
1-2 teaspoon salt
Pepper to taste
1-2 cup cream
1 egg yolk
Chopped parsley

Drain oysters, reserve liquor. Finely chop oysters. Combine milk and oyster liquor, beat in double boiler. Melt butter in saucepan, blend in flour and the seasonings. Gradually add milk and oyster liquor, cook 3 minutes. Add chopped oysters and cook 2 minutes. Combine egg yolk and cream; beat well. Pour bisque over egg and cream mixture. Sprinkle with chopped parsley. Serve immediately.

Old Style Scalloped Oysters

1 cup milk
1-2 cup butter
10 soda crackers
1 egg
1 pint oysters
Salt and pepper

Scald the milk, remove from heat and add the butter.

Roll the crackers into crumbs. Add to the hot milk, when well blended stir in the egg, well beaten. Remove all shells from oysters and cut into small pieces. Stir lightly into crumb mixture. Season to taste. Place the mixture in a well greased casserole and bake about 3-4 hour in an over, 400 degrees. Serve garnished with parsley and slices of stuffed olives.

Crab Timbales with Oyster Sauce

1 cup flaked crab meat
1 tablespoon butter or margarine
1 tablespoon flour
1-2 teaspoon salt
1 teaspoon grated onion.
1 teaspoon finely minced parsley
2 eggs
1-3 cup milk.

Melt butter in a sauce pan and cook the crabmeat in it for 5 minutes. Add flour, salt, grated onion and parsley. Add the well beaten egg yolks and milk. Fold in well beaten egg whites. Place the mixture in well greased molds, filling them 2-3 full. Put the molds in a pan of hot water and bake about 20 minutes in an oven 350 degrees. Unmold and serve on a platter with oyster sauce.

THE BIBLE SPEAKS

International Uniform

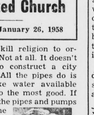
BY DR. KENNETH A. FOREMAN

Bible Material: Acts 6:1-7, 20:16-38; Romans 12:3-8; I Timothy 3; 3:17-22
Devotional Reading: I Peter 5:1-11

Organized Church

Lesson for January 26, 1958

DOESN'T it kill religion to organize it? Not at all. It doesn't "kill" water to construct a city water system. All the pipes do is simply to make water available where it will do the most good. If it were not for the pipes and pumps and all that, the city would die of thirst. Does marriage kill love? Do schools kill education? They can, of course; but good schools help education, good marriages are a blessing to love. And a well-organized church is a help to faith, not a hindrance.



Dr. Foreman

The eighty-odd church communions uniting in the study of these "international lessons" are not organized in the same way. But the fact that our organizations differ does not keep us from uniting in the study of the same Word of God. It would be interesting to study the many ways in which churches are organized, but right here we are sticking to one thing, the organization of the Christian church in its earliest days.

Needs Came First

Three things can be said of organization in the early church. First is that it grew out of needs, and not the other way around. In America we are so used to everything being organized down to the last sub-section, that we are inclined to think a church isn't a church unless it has some definite organization. But in the book of Acts we hear about the church some time before we hear of the officers. The first deacons, that committee of seven men who were elected by the people and appointed by the apostles to deal with the tricky problem of caring for the needy in the church,—those deacons were elected because they were **needed.** The church did not elect them because some organization-chart called for such officers. The church elected them for a particular job; it did not elect them first and then hunt for something for them to do.

Character Came First

The word "deacon" means "one who serves," a serviceable man. The elders and the bishops or overseers, of whom we read later, were also serviceable men. Paul never left a church without officers. He was a practical saint.

But Paul, when writing about church officers, as he did to Timothy and Titus, lays down some remarkable provisions. In describing various officers, Paul oddly enough (we might think) says not a word about what these officers were to do. It's all about what they were to **be,** as men, as Christians. Paul knew that no organization is better than the people who operate it. Getting the right people is the important matter. Personal qualifications come ahead of technical qualifications. This does not mean that the framework of organization is of no importance. Other things being equal, it is better to have some framework or system which discourages one-man rule, or the development of cliques. But the officers' character is the central matter. Paul did not want Timothy to ask, about a prospective officer, what kind of executive did he make? but rather: How well has he managed his marriage, his home? It is a more vital question.

The Church Came First

No apostle known to us ever set up a skeleton organization, a cadre as they say in the army, and left it to collect a church around it. Paul's great figure of speech is the body and the members. A body does not come into existence by agreement of some loose arms, legs and insides to get together. The body develops these various parts as it grows. The body is more important than any of its members. So with the church, as it was going in the New Testament era. The church produced the officers, not the officers the church. The church does not exist, for example, to give preachers jobs. Preachers exist to serve and build the church. Further, if the church is always first, and every one realizes this, then no man or woman can think "I am indispensable. If I die or move away I cannot be replaced." Every one in the church has something to do, something he or she can do perhaps better than any one else, whether an officer or not. Everyone should try to make himself indispensable, yes; but he must remember that the one and only indispensable person in any church is—Christ.

In FASHION now

One of America's most noted designers has a new strategy concerning the shapeless sack dress. This inventive woman calls her solution the translucent look.

The translucent look consists of a straight chemise made of cobwebby lace or transparent chiffon over a slip fitted to every curve of the female figure. The result is a beguiling and unusual unveiling of the body beautiful that is modesty itself.

This designer is making full and dramatic use of subtly draped and shaped cocktail dresses that have always been her trademark. Many of the skirts are skintight and boldly slashed.

The popular flower prints are very much in evidence in her collection. Large flowers are appliqued on such fabrics as white chiffon or tissue thin beige shantung.

Many of the short formals are carefully bell-shaped with fitted tops, and suitably revealing as to neckline. Organza is an important fabric here.

Red and green vie for popularity in this collection. For really formal occasions there is a sensational group of full-length, bright red chifon dresses. Chiffon is that wonderful all-season fabric, so you can afford to go a bit over-board in price here.

Floating scarves are found on dresses for all events. On dance dresses or beach togs they are guaranteed to catch the eye of the star line.
